MARY JANE WEST PASSES AWAY

Mrs. Mary Jane West, who is familiarly known in Tropico as "Grandma West," passed away suddenly at her home, 113 N. Central avenue, Tuesday afternoon about two o'clock. With her at the time was her daughter, Mrs. John Hobbs, who says that they had been talking together when her mother went in to an adjoining room. She had been in only a minute, when she heard a fall. Entering the room she found her mother lying on the floor. She immediately called a physician, who declared death had been instantaneous.

Mrs. West was well known in this community, and will be missed by a large number of friends, among them being many children, as she was a great lover of children.

Mrs. West was eighty-three years of age, and a native of Ohio, and was the widow of Byron S. West. She has been a resident of Tropico for fourteen years, and had lived in California twenty-five years. She leaves four daughters, Mesdames John Hobbs, John A. Logan and Andrew Stephenson, of Tropico, and Mrs. Nell Katus, of Elgin, Illinois. Funeral services were held Tuesday afternoon at 2:30 o'clock, at her late residence, 113 N. Central avenue, and were conducted by Rev. O. P. Ryder, pastor of the Presbyterian Church. Mrs. C. D. Hellyer sang "Abide With Me" and "Lead, Kindly Light." The pallbearers were Messrs. Andrew and Dwight Stephenson, John A. Logan and John Hobbs. Interment was made in Forest Lawn Memorial Park, Scovern, Letton and Frey having charge.

PROCEEDINGS OF BOARD OF TRUSTEES

On motion the comumnication was ordered to be received and filed, and the engineer instructed to proceed with this work at an expense not to exceed $250.

The report of the Tax Collector for the week was received and ordered to be filed.

A communication was read from the Committee on Public Information, Washington, D. C., requesting to be furnished with a list of organizations in Glendale doing Americanization work, with the name and address of the President in each case. The communication was referred to the City Manager and the City Marshall to secure the information and reply.

A communication was read from the Secretary of the Chamber of Commerce requesting that the Trustees appropriate the necessary sum for pay-

HIGH SCHOOL VARIETY SHOW POSTPONED

Owing to the fact that the date originally set for the Annual G. U. H. S. Variety Show conflicted with the Elks' Ball, the affair has been postponed. It will be held on the evenings of Thursday and Friday, February 28 and March 1, and a matinee.

The students of the High School are engaging in a campaign to fill the auditorium for all the performances, which they claim will be the best show ever seen in Glendale. The tickets are now on sale.

On Monday evening, February 18th, the Glendale Federation Parent-Teacher Association will celebrate Founder's Day with a reception to Dr. Jessie A. Russell, president of the California State Congress of Mothers Parent Teacher Association. The reception will take place in the auditorium of the Union High School at eight o'clock and the Federation extends a cordial welcome to the parents and friends of every child in the Glendale Schools. A fine program is being arranged by the committee and refreshments will be served.

A Chicken Dinner will be given by the Ladies' Aid Society of the West Glendale M. E. Church on Tuesday evening, February 19, from 6:30 to 8:00 o'clock. Come and bring your friends. Tickets now on sale.

THE CHALLENGE

The most potent enemy of a country does not always come with thundering guns, poisonous gases, and lines of marching men.

There is a silent enemy. No gun on earth can kill it; no submarine on the sea can destroy it; no death-dealing contrivance in all the world can stop its murderous course.

This enemy is Starvation.

This is the most dreaded foe our associates in this war are facing today. We in America can and must check the relentless advance of Starvation in the Allied countries.

There is no need of building ships, there is no use of making munitions, it is folly to send our youth to be sacrificed before the guns of Germany, if we are not going to feed these boys we are sending "over there" and their brave companions in this struggle.

Europe's call for food is a challenge from which we cannot afford to turn away. If we value our own lives and those of other individuals we must throw all the energies of willing hearts, ingenious minds, and strong bodies to the great task of saving the enormous amount of wheat, beef, pork, butter, and sugar that it will take to keep the wolf from Europe's door.

We are not asked to go hungry ourselves, or even to make any large sacrifice, but merely to change our eating habits a little. Instead of wheat, we must use corn, barley, rye, and oatmeal. In place of pork products we must use poultry, fish, eggs, vegetables, and cheese. We must use butter-substitutes in cooking, we must use sugar with care and substitute wherever possible honey and syrups.

The spirits of those who have already died of starvation in France, Belgium, Poland, and Serbia call us to this small self-denial. The thought of those who still struggle bravely on after nearly four years of war should make us glad to send them help.

It is only the slacker who would say "This is not my business. I will eat what I please."

OUR NEW STREET SUPERINTENDENT

His name is William Nelson, but we'll call him "Bill" for short, and he lives on Cedar street, so we are told. But where he lives doesn't make much difference about what we are going to say about him. What we want to say is that he is SOME street fixer, and we want you to know it. If you don't believe it, come down to Central avenue at the intersection of Tropico avenue and take a look at that beautiful piece of street fixing he has just completed for us. Maybe you don't know what shape it was in before he started, and if you don't, be sure and ask somebody, then come down and take a look. We know that everybody who knows what condition that corner was in will agree with us that it is a fine piece of work, and there are thousands of autoists who pass over this road who will never personally know our friend Mr. Nelson, but will express their appreciation to the man who fixed that corner. Now, we are not saying this about Mr. Nelson because he is a personal friend of ours. In fact, we do not even know him and have never met him, but we're going to. We said he did a good job, and we mean it.

AN ORDER FROM FRANCE

Local Firm Gets Business From Soldier

A letter was received the early part of this week from one of Uncle Sam's men "somewhere in France" by Roberts & Echols, asking that they send as soon as they could a couple boxes of their R. & E. Cold Tablets, as the writer had a bad cold and had tried everything there to get rid of it and couldn't, and needed the old standby. One of the members of this popular firm immediately packed a box of articles that he knew would be acceptable, including the Cold Tablets and shipped to the soldier boy.

The writer's letter was very interesting but as it had to pass the censor, the real news it contained was very little. The boys appear to be well satisfied with conditions as they find them and are making the most of it.

THE FLOOD CONTROL

Owing to the long delay of the State Supreme Court in deciding the flood control bond question, no tax levy could be made last September to meet the interest and principal payment on the bonds. The first levy for this purpose will be made next September and tax collections will not come in till November. For this reason the bonds will be dated June 15, and cannot be sold till midsummer.

Some doubt is now felt as to whether five per cent bonds can now be sold at par. The law prohibits selling them at a discount. The bonds can not be sold at all without the consent of the capital issues committee of the federal reserve board. Ex-Senator Frank P. Flint has gone to Washington to represent the Board of Supervisors in pressing a request for consent to market the flood control bond issue. Ex-Mayor C. H. Windham of Long Beach has also been at the National Capital on a similar errand.

The County Counsel, flood control engineer and Board of Supervisors are now "pulling together" unanimously to push this great enterprise to actual work. It is estimated that it will take five years to complete the undertaking.

U. S. MARINES DON NEW UNIFORM

New Service Uniform of Winter-Field Handsome Addition to U. S. Marines' Wardrobe.

Every one is familiar with the "dress" uniform of the U. S. Marine. The attractive combination of dark blue coat and light blue trousers has graced many a military ball and parade.

This uniform corresponds to the dress suit of civil life. The Marine has a khaki uniform for drill and field service that corresponds to the civilian's "working clothes". And now the new Winter-Field uniform will provide him with a "business suit," so to speak.

The new uniform, known as the Marine's "undress" uniform, is fitted with four roomy patch pockets, and is in every respect a handsome and attractive outfit.

Their new clothing is causing the U. S. Marines many amusing experiences, as they have never been seen in the West before.

The Marines are constantly being mistaken for French or Canadians, and frequently accosted with the query: "When are you going back?"

Needless to say, the "First to Fight" boys are very proud of their new uniform, and eagerly looking forward for the chance to dazzle Parisian eyes with it "Over There."

DEATH OF CHARLES H. WAGNER

Monday morning, February 11, Charles H. Wagner died at his home, 410 North Central avenue, at the age of 58 years, leaving a bereaved widow, Ella Wagner. Funeral services were held Wednesday morning at 10 o'clock at the Holy Family Catholic Church and interment was made in Forest Lawn Memorial Park, Scovern, Letton & Frey having charge.

PLEA FOR LOYALTY

Father O'Neill in his Sunday morning talk at the Holy Family Church said: "A good Catholic is a good citizen. We are all in the same ship—the good, staunch ship America. Let us then pull hard and all pull together. We owe it to each other and we owe our services to our leader. Our means should be freely placed at the disposal of our country and we should be ready, if useful, to give our lives if necessary. In the American Revolution we Catholics were publicly praised by the 'Father of our Country' for doing our duty nobly, and there is every reason why Catholics should receive the same praise in the present war, as more than 40 per cent of their number are engaged in both arms of the service. Facts have driven the calumniators of our Church into their holes and guardians of humbug and other social soreheads must remain dumb when confronted with the evidence that condemns their vile accusations."

TROPICO RED CROSS AUXILIARY

The Local Red Cross Auxiliary is having a speed-up month and making a record for their organization. Last Thursday evening there were about fifteen in attendance at the workroom and thirteen in the surgical dressings department under Mrs. William Harvey, Jr. Monday afternoon as many more were on hand for work and committee chairmen, Mesdames Bacon, Tiffany and Bancroft were busy folding garments which had been inspected and were ready for shipment.

The members of the surgical dressings class are improving steadily in their output both in numbers and quality. Though there have been but three meetings in the new department, 400 compresses have been manufactured which have been made into bundles and there will soon be enough for a small shipment to the Los Angeles Chapter. The ladies working under Mrs. Harvey Monday were, Mesdames: A. O. Gallup, C. H. Scheu, S. E. Brown, Ray Gallup, Robert Sanders, Hal Davenport, Andrew Stephenson, John Hobbs, Burt Roberts, Charles A. Barker, Miss Gallup.

There is still room at the tables for a few more members and as soon as the Auxiliary is justified in doing so, it will organize another class. At present there are two meeting a week, Monday afternoon and Thursday evening.

FOOD CONSERVATION—WHAT IT MEANS

It does not mean that Americans are themselves to go hungry. The government assures every man, woman and child a sufficiency of wholesome, palatable and nutritious food. We have more than enough for ourselves in America.

It does not mean that we are to hoard up food stuffs for fear we shall not have enough at some unknown time in the future.

Hoarding withholds food from our Allies and boosts the cost of living for ourselves.

It does mean just two very definite things. It means in the first place that nobody shall waste any foodstuffs of any kind. The garbage barrel should receive nothing that can be used on the table.

In the second place Food Conservation means that we Americans shall save for our allies across the seas, those foodstuffs which can be most easily shipped and which they most need.

If all Americans will do these two things they will suffer little in comfort, none in health or efficiency, will save much money for themselves and will contribute immensely to ultimate victory. It is the one way, perhaps, in which absolutely every one of us can help in the great cause. To lose this war would set back the cause of humanity and freedom for centuries. America may well look aghast at such a possibility. This war must be won, and each of us can help by Food Conservation.

JAPANNING BUSINESS

One of the businesses yet in its infancy on the Pacific Coast is the enameling and japanning business. The field is large and the territories practically without modern plants are San Francisco, Portland and Salt Lake City.

A movement has taken place to organize paint and varnish salesmen throughout the United States. Many such organizations have been formed in eastern cities and a recent meeting in Philadelphia showed considerable interest on the part of salesmen.

There goes a tiny, little man

walks and struts about jest
like the cuss whose creed is:
"Money Talks!" Now how he come
to do this thing hes sartin'
got me beat; I guess it's proof
thet they's some good in every
man you meet. But what I'm
gettin' at is this: Us men need
not feel big because we've did
our duty; why, they ain't no
decent pig thet wouldn't root
the stuffin' out o' enemies like
ours, if he possessed a human
brain an' contemplative powers!
We sure will suffer some—
we men—in this here awful war;
but we'll hear bands a-playin';
we'll see flags, through blood,
an' gore; while, back at home,
in **SILENCE,** sets, the gal that
loves us, some; her hair is brown,
er gold, er white; an' thar, fer
months ter come she'll work, an'
think, an' try ter sing, each

an' pray—an' pray. Ol' Schiller
writ it; an' I knows this thought
will make me fight: My God will
hear them silent prayers fer me—
fer you—fer Right!

Warning has been given, by the Bureau of Foreign and Domestic Commerce, to American manufacturers that Germany will make determined efforts to win back her foreign trade on dry colors, chemicals and dye stuffs, and that persistency must be used in the development of foreign trade. Our greatest difficulty has been in trying to force upon foreign buyers the goods we think they should buy and not trying to meet the natural requirements. Manufacturing pharmacists in the United States have made splendid success in South America by supplying what their foreign customers want. A peculiar trait which appears to be easily satisfied, or met, is in giving South America customers non-secret Products. Other advantages the American producer lacks are banking facilities and the absence of credit information, without which the developing of foreign business is risky.

GLENDALE HIGH SCHOOL WINS CHAMPIONSHIP IN BASKETBALL

The fast football squad of the G. U. H. S. brought new laurels to Glendale last Thursday when it trounced South Pasadena and took the championship of the Central League. Glendale's cassaba tossers have been on a slump for several years, but new life has been breathed into the team this year and every game has been a winning game. Captain Tummell declares that Glendale will never take a back seat in basketball again.

Every yard of linen that is bought from today on puts the buyer in direct competition with the Aeroplane Board in equipping the fleet of aeroplanes which we hope to put over the German lines. That should be very plain to every one when it is known that the need of linen for aeroplane production exceeds the total stock there is in the world.

REASONS WHY EVERY TRUE AMERICAN SHOULD BE A MEMBER OF THE RED CROSS

Expressive of the ardent desire on the part of the National Government that the American Red Cross membership be practically all-embracing, the following statements were issued by members of the Cabinet:

"If citizens in general could stand for a day in the position of one intimately connected with the Military Establishment, they would have no doubt or hestinancy about the expending of every possible effort and energy on behalf of the Red Cross organization. Its work is so important, its organization is so cooperative, and its personnel is so enthusiastic that no word of any public-spirited official should be omitted which would assist in the realization of the goal—a membership of 10,000,000—which the Red Cross war council has in view.

"Signed) NEWTON D. BAKER,
"Secretary of War."

Secretary of the Interior

"This war means sacrifice—sacrifice for all of us in one way or another—but we have never enlisted in a worthier cause, nor have we ever had more at stake. Our people have made generous response to every appeal that has been made to them, and they will not fail to answer the call that is now being made by the Red Cross, for there is no work more necessary to the successful prosecution of the war than that which the Red Cross is doing.

Mary Pickford in Dual Role to be Seen Today

The pictures at the Palace Grand promise to be very good for the coming week. Beginning with today's (Saturday) Mary Pickford will be seen in another Artcraft triumph. The

picture is something that has never before been attempted by Mary Pickford, that of a dual role. She takes the part of Stella Maris, a sweet, gentle girl and Unity Blake, a little orphan. Through remarkable trick photography both characters are seen on the screen at the same time. The evening shows start at 6:45 and 8:45 and the matinee at 2:30. There is also one reel of clever Christie comedy and a Paramount Pictograph and Cartoon comedy.

On Sunday, February 17, Goldwyn's master production, 'Fields of Honor" with Mae Marsh will be the feature offering. There will also be a Lonesome Luke comedy "We Never Sleep." The two evening shows will begin at 6:45 and 8:45 and the matinee at 2:30.

Supported by Fox Players in a play with plenty of action, Sonia Markova will be seen in "A Heart's Revenge." This is Monday's offering and is good. Also the world's latest news events by Hearst Pathe News Pictorial will be shown. There are two evening shows at 7:15 and 8:45. There will be no matinee.

For Tuesday, February 19, Harold Lockwood will be the star in "The Avenging Trail" or "Devil Dave's Defeat." This is a thrilling story of the great snow land of the rugged north. There is also a Christie comedy "Five to Five." Two evening shows at 7:15

Monroe Salisbury and Ruth Clifford in "Hands Down" will be the offering on Wednesday, February 20. This is a thriller full of punch and pep. Also one reel of Paramount Pictograph and a cartoon comedy. There will be two shows in the evening at 7:15 and 8:45.

Fannie Ward in "Innocent" will be the feature picture on Thursday, Feb. 21. In addition to this there will be one reel of comedy.

A special offering has been arranged for Washington's Birthday, February 22nd. The feature picture is one of Goldwyn's great pictures "Dodging a Million" with Mabel Normand as the star. The story is one that will hold your interest from start to finish and is one that you will not forget in a hurry. There will also be a two-reel Paramount Mack Sennett Comedy and Burton Holmes. On account of the length of the show the first show will start at 6:45 and the second show at 8:45. On account of the alterations there will be no matinee show.

PACIFIC ELECTRIC RY. EXHIBIT AT ORANGE SHOW

Striking Exhibit Underway to Represent Railway at Big Exposition

The Pacific Electric Railway is building a striking exhibit for the Eighth National Orange Show, to be held in San Bernardino February 20 to 28.

In keeping with many other patriotic and war time features, including a court of Southern California's most beautiful girls who will represent the nation's allies, the Pacific Electric will have on a flat car a big naval gun mounted on a revolving turret. Every time the turret revolves the gun will "boom" and a flash will be seen. "Pacific Electric serves Uncle Sam as well as Southern California," will be shown on electric decoration.

Thousands of oranges will be used in the display. A miniature train winding in and out among oranges, will run about the base of the turret.

The Pacific Electric recognizes the Orange Show as one of the big attractions of Southern California and during the period of the exposition will handle many thousands of people direct to the exposition gates from all parts of the southland.

The Orange Show has already taken on such shape as to indicate that it will be equally as lavish in beauty and entertainment as in former years.
